LEMON TECHNOLOGIES
HELPING YOU ACHIEVE YOUR GOALS

Introduction

Hospitech™ is flagship hospital management ERP Solution developed and marketed by Lemon Technologies Pvt Ltd.

It comprises of an in premise ERP Solution along with Web portal to facilitate all the doctors and Patients to get various services online.

In ERP Solution user can log in as Administrator, Doctor, Cashier, Pharmacist or as Receptionist.

In Web Portal User can be a Doctor, A Patient or Admin from hospital side to work as per their rights and privileges.

All these users would have their own Dashboards to view various informations they required and work on basis of those informations.

In upcoming slides we will present key features of this solution.

Admin Dashboard

Admin level dashboard to provide overall view of the hospital administration.

Some prominent Features of Admin Dashboard:

1. Doctors availability Live Status.
2. Patient appointment informations.
3. Feedback forms and questions.
4. Medicine related informations.
5. Bank reports including NEFT information.
6. Appointment planning calendar.
7. Patient Inquiry System
8. Specialty Team Setup

Admin Dashboard

Admin level dashboard to provide overall view of the hospital administration.

The screenshot displays the Admin Dashboard interface. At the top, there is a navigation bar with buttons for various roles: Academic, Academic Cashier, Admin (highlighted), Cashier, Dashboard, Data Bank, Dean, Doctor, Event, and Holistic Dashboard. Below this, a secondary row of buttons includes Patient Summary, Pharmacist, Reception, Report, Student Document, and TOH Dashboard. On the left side, a 'Navigation Menu' lists numerous administrative tasks, such as 'Advance Tranfer Form', 'Case Utility detail', 'Daily Calls' (which is currently selected), 'Doctor Availability', and many others. The main content area is titled 'Daily Call Management' and features a 'Page Size' dropdown set to 100. It contains a search bar and buttons for 'Search', 'Add', 'Print', and 'Excel Export'. A red message states: 'There are no record(s) found for the specified search criteria'. Below this, it shows 'Total Records(0)'. In the bottom right corner, there is a watermark for 'Activate Windows' and a status bar indicating 'Online'.

Reception Dashboard

Reception level dashboard to create a bridge between patient and Hospital environment.
Some prominent Features of Reception Dashboard:

1. Phone Call Management
2. Inquiry Management.
3. Patient Management
4. Patient Status.
5. Appointment Rescheduling.
6. Room Setup

Reception Dashboard

Reception level dashboard to create a bridge between patient and Hospital environment.
