About RTAS

Process Elements

Introduction

An **end-to-end** online solution for tenders and auctions and facilitates companies to organize both tenders and auctions through an online platform.

The entire process including inviting parties, recording bids, generating results and other necessary analytical reports are all done through this online solution.

Key Features

For the admin

- Define Event
- Define Overall purchase limit (OPL) for bidders
- Upload Stock
- Facility to upload paper bids for tender system
- Auto result analysis
- Facility of revising bids in case of equal bids
- Facility to refuse bids in case of overall purchase limit crossed
- Auto Email Template generation.
- Online chat facility

For the bidder:

- View Invitation for the event
- Accept Invitation
- Book Appointment
- Make a bid if Invited or accept the invitation
- Can view archive events, if participated.
- Manage his own Profile
- Auto Emails to winners
- Auto Emails for Invite
